

Internet Addresses and Bulletin Boards

This factsheet includes a sample of some of the common environmental websites.

Accessing the World Wide Web

There are numerous internet providers that can provide access to the World Wide Web for a fee, such as: CompuServe, Netscape, and MSN.

In addition, internet providers offering free internet access are increasing. A couple of examples of these are:

Netzero - Phoenix or Tucson residents may get free internet access through the internet provider Netzero. Call the support line at 818-879-7255 or e-mail at suooprt@netzero.net

Freei - Phoenix, Tucson, Flagstaff, Prescott and Yuma Arizona may get free internet access at the www.freei.net website, or order a CD online at the freei website. To order the CD click on "About Us", then "Contact Us" or order by phone at 1-253-796-6505.

In Arizona only, residents may access the internet free through ASU's - Arizona Telecommunication Computing system (AzTeC). AzTeC reads text only.
